

AMC (via EW) has debuted some new stills from the midseason premiere of The Walking Dead, featuring the likes of Rick, Michonne, Daryl, and several other familiar faces. While they don't appear to be particularly revealing, there are a few things worth noting. For one, the fact that Rick is walking with Negan's right-hand man, Simon, suggests that the group will be playing nice for a while before rushing into anything, which is probably a very good idea. Also, the woman with her back to us in the final pic is going to be a major character according to showrunner Scott Gimple, and the group she leads will play a significant part in the inevitable "All-Out War". Is this Alpha? Not likely - unless they're taking some big liberties with how The Whisperers are introduced. Rick's group will find out yet again that the world isn't what they thought it was. It's much bigger than anything they've seen so far. While they have a
