

Ben Affleck's Batman was well-prepared to take on Superman (Henry Cavill) when the two squared off in Batman v Superman: Dawn of Justice this past March. In addition to his kryptonite-based weapons, The Caped Crusader also utilized a mechanized suit of armor to amplify his strength and durability against the weakened Kryptonian. Artist Jerad Merantz has posted some concept art of the Dark Knight Returns-influenced suit on his official website, showcasing the overall design along with a detailed look at the suit's gauntlets and shoulder armor. Check them out below!

Fearing the actions of a god-like super hero left unchecked, Gotham City's own formidable, forceful vigilante takes on Metropolis's most revered, modern-day savior, while the world wrestles with what sort of hero it really needs. And with Batman and Superman at war with one another, a new threat quickly arises, putting mankind in greater danger than it's ever known before. Starring Henry Cavill, Ben Affleck, Gal Gadot, with Amy Adams, Laurence Fishburne, Diane Lane,
