

A lot had gone on in the first two episodes of AMC's The Walking Dead. The Ricktatoship is in full force, Hershel has found him self in a terrible predicament, and the group ran into a bunch of prison survivors that didn't end well. Noticeably absent for much of the first two episodes have been Michonne and Andrea. Last we saw the two was in episode one when they took off from their current hide out. Now, AMC has released a click from the upcoming show that leads you to believe we will be getting more from their story coming up this Sunday. Check it out below. The Walking Dead stars Andrew Lincon, Sarah Wayne Callies, Chandler Riggs, Norman Reedus, Lori Holden, Melissa McBride, Lauren Cohan, Iron E Singleton, Danai Gurira, David Morrissey, and can be seen Sundays at 9P.M. on AMC.
