

A single act of both compassion and arrogance leads to a war unlike any other -- and to the RISE OF THE PLANET OF THE APES. The Oscar-winning visual effects team that brought to life the worlds of Avatar and Lord of the Rings is breaking new ground, creating a CGI ape that delivers a dramatic performance of unprecedented emotion and intelligence, and epic battles on which rest the upended destinies of man and primate. io9 has an exclusive look at the new concept art images for Rupert Wyatt's new film, Rise of the Planet of the Apes. Showing us the world of Caesar, glimpse of revolution and more, check it out: [Click on image to enlarge] "Atop a primate shelter overlooking San Francisco, Caesar takes his first steps towards a shocking revolution." "Will reluctantly takes Caesar to the chimp's new home - a primate shelter where Caesar will ultimately realize
