

The trailer for Johnny Depp's new film Dark Shadows has divided a lot of fans of the original 60's soap opera. Anytime you remake a beloved television show, or film you're not going to please a segment of loyal fans, nothing will ever match the original. Screenwriter Seth Grahame-Smith has weighed in on the controversy. "The reality of it is I want to please the fans, obviously. We all do. But if we made a movie that was strictly just for the hard core fans, I worry that it would exclude other people who might not want to then experience Dark Shadows from a complete fresh standpoint. So what we tried to have those elements in the movie that would really pay respect to the original series, to the origin stories, to the characters, their motives, to the idea of this as a real family story, and a gothic story, and something
