

Check out the launch trailer for a new mobile game from DC Entertainment and Warner Bros. IE where gamers can assemble their own unique team of DC heroes and villains to take down Nekron and his henchman. Billed as a strategy-RPG, Legends available now, for FREE on the iOS app store and Google Play. A few characters glimpsed in the launch trailer include Batman, Wonder Woman, Superman, Joker, Bizarro, Dr. Fate, Chemo, Bane, Doomsday, Harley Quinn, Cyborg, Green Lantern, Flash Black Adam and more. In addition to playing the Story Mode against Nekron's forces, you'll also be able to pit your team of leveled-up heroes against other players in an online tournament with international rankings. In an official statement, Jonathan Knight, VP and Studio Head at WB Games San Francisco said, "We think DC fans will appreciate the authenticity and depth we've brought to DC Legends. he game delivers an experience that's both exciting and engaging, empowering players to strategically customize their teams and
