

A few new promos for Marvel's highly anticipated Doctor Strange have surfaced online, and with them comes our first look at what appears to be the film's version of Dormammu. We don't see very much aside from a glimpse of the villain's menacing eyes towards the end of one of the clips, but this certainly seems to be a much different look for Strange's arch-nemesis. We also get to see some antics from the Cloak of Levitation and even more snippets of the trippy visuals we can expect. Check them out below! Doctor Strange releases November 4th, 2016.

From Marvel comes DOCTOR STRANGE, the story of world-famous neurosurgeon Dr. Stephen Strange whose life changes forever after a horrific car accident robs him of the use of his hands. When traditional medicine fails him, he is forced to look for healing, and hope, in an unlikely place – a mysterious enclave known as Kamar-Taj. He quickly learns that this is not just a center
