

Probably the best thing about the first G.I. Joe movie, along with Snake Eyes, was his all-in-white nemesis Storm Shadow. In this new still from Retaliation he swaps his trademark sword for a big gun and a human shield.. A follow-up to the 2009 release of G.I. JOE: RISE OF THE COBRA, which grossed over \$300M worldwide, Paramount Pictures, MGM and Skydance Productions, in association with HASBRO and di Bonaventura Pictures, commences production on G.I. JOE: RETALIATION. In this sequel, the G.I. Joes are not only fighting their mortal enemy Cobra; they are forced to contend with threats from within the government that jeopardize their very existence. Apparently Lee is too have a much larger role in the sequel thanks to his much improved English. G.I. Joe Retaliation will be released on June 29, 2012.
