

Green Lantern: Emerald Knights is an all-new DC Universe Animated Original Movie that weaves six interlocking stories of the Green Lantern Corps' rich mythology around preparations for an attack by an ancient enemy. As the battle approaches, Hal Jordan (voiced by Nathan Fillion, Castle) mentors new recruit Arisia (Elisabeth Moss, Mad Men) in the history of the Green Lantern Corps, telling tales of Avra (the first Green Lantern) and several of Hal's comrades – including Abin Sur, Kilowog, Laira and Mogo. In the end, Arisia must rise to the occasion to help Hal, Sinestro and the entire Green Lantern Corps save the universe from the destructive forces of Krona.
