

The film has been operating in a bit of mystery as not of marketing or promotional material has been released, as of yet. With a September release date, it's still a fair bit away but comic book movies typically start their marketing campaigns fairly early. There was earlier post-production drama surrounding director Peter Travis but that appears to have been cleaned-up. Hopefully, we'll get a teaser of trailer soon to see if the latest Judge Dredd movie can correct the mistakes of it's predecessor. Running Time: Unknown Release Date: 21 September 2012 (USA))
