

USA Today debuted an awesome new image from Justice League yesterday, but they also shared some stills from several other 2017 releases that should be of interest. Below you'll find a new shot of Katherine Waterston's Daniels from Alien: Covenant looking a little the worse for wear, as well as a pic of Star Lord (Chris Pratt) from the latest Guardians of the Galaxy Vol. 2 trailer. We also have another look at Belle (Emma Watson) and The Beast (Dan Stevens) from Disney's live-action retelling of Beauty and the Beast, and a new Transformers: The Last Knight pic featuring Laura Haddock and Mark Wahlberg. Check 'em out below, and click here for more images from the likes of Dunkirk and The Fate of the Furious.
