

In Empire Magazine's "2012: The Best Year For Movies Ever" feature, it's not only The Avengers and The Amazing Spider-Man that they've released never before seen images for. The Hobbit: An Unexpected Journey, Prometheus, Skyfall and Snow White & The Huntsmen are all covered in detail too. There's a lot more contained within the issue, but you'll have to go out and buy it when it goes on sale next week if you want to read all of Empire's exclusive details and interviews on each of the following movies.
