A deeper look at Mileena and why she entered the Mortal Kombat tournament. This abominable clone is the ruthless and unstable creation of Tsang Sung modeled after Kitana under Shao Kahn's direction. Shaped to be both beautiful and lethal, Mileena draws in her unsuspecting prey with her looks and then savagely kills them without remorse. The video features "Mileena's Theme" a song created by noted DJ and Producer Tokimonsta. WaterTower Music and Teenage Riot Records are excited to announce the album release of "Mortal Kombat: Songs Inspired by the Warriors." This album of songs inspired by the Mortal Kombat characters is executive produced by JFK of MSTRKRFT and will be released in April 2011. Fans can now download the 1st single, "Mileena's Theme" by Tokimonsta, on iTunes and Amazon.
