

Besides the video from above, the viral website for Prometheus has been updated. There is an all new company timeline for Weyland Industries. Click here to view all of the updated site.

.....SAMPLE OF THE TIMELINE..... Using a precursor to the atmospheric processor of his own invention, Peter Weyland is able to generate a localized synthetic atmosphere above the polar ice cap, effectively ending global warming. - February 2, 2016 Using capital from his 2015 success, Weyland acquires copyrights to technology developed by NASA's innovative but poorly funded Project Prometheus. With Weyland's significantly augmented funding for the project, JIMO became a reality and proves the existence of simple life in Europa's ocean. - December 19, 2017 Weyland manufactures the first advanced android prototype model of its kind. He is affectionately called David, a name Sir Peter Weyland had initially reserved for his own human son. - January 7, 2025 Weyland makes significant adjustments to the David
