

Thanks to Canadagraphs, we have some new pics from the Vancouver set of The CW's Supergirl, one of which gives us a first look at the latest small-screen incarnation of classic Superman baddie, Mr. Mxyzpity. The character will be played by British actor Peter Gadiot (Once Upon a Time, Fresh Meat, Matador), who will guest-star in an upcoming episode. As you can see, this incarnation of Mxyz looks nothing like the impish comic book version, but perhaps he'll also have a "true form" on the show. Supergirl Season 2 returns with the Kevin Smith-directed "Supergirl Lives" on Monday, January 23rd at 8pm.
