

Today Christopher Nolan's The Dark Knight Rises shoot continued in Downtown L.A. CBM Nailbiter111 already posted one exciting video of Bane's truck dropping down a bridge. Below are some more exciting videos and pics of the Batwing VS. Bane's truck. When I got there they had the entire grand ave blocked off but I watched Banes truck at street level as it headed presumably into the drop from inside a lobby of a building. Then I went down on some intersection of 1st and another street behind the West Promenade hotel and talked to a security guard who was real friendly and told me he had see Morgan Freeman on set. I saw Gary Oldman's stunt double (which I tweeted about as Gary Oldman and then realized it was a double upon seeing a pap's zoom lense photo). The crew was standing around the Bane "bomb trucks" (thats what they called them on set).
