

"After a close call leading to a falling out with Batman and Oracle, Batgirl goes out on her own to reexamine her place in Gotham and the world at large. Stephanie spends her days seeking advice from Gotham's various heros, and her nights patrolling the streets in a seemingly endless battle against crime. All this while attending college, having a social life and finding time to sleep." Batgirl Spoiled is written by Sax Carr, Zack West, Ray and Beurer with Joey Rassool as Director of Photography and Editor. Original scoring by Regan Remy, Executive Produced by Sax Carr. For more information on the production including additional footage, photos and credits visit the official Twitter page, and to see a few stills from the series follow the link back to CBR below.
