

Collider posted a brand new Imax 3D poster, for Michael Bay's Transformers: Dark Of The Moon. The new poster features Optimus Prime, the leader of the Autobots! "You picked the wrong planet" When the war on Cybertron between the Autobots and Decepticons appears lost to the Autobots, their leader, Sentinel Prime, attempts to launch the Ark from their planet, containing technology that could have saved his kind. Attacked by Starscream, it crashes on Earth's moon in 1961. President John F. Kennedy makes his famous promise to the nation to put a man on the moon. The 1969 NASA moon landing is actually an investigation of the wrecked spacecraft. As Sam Witwicky goes into adulthood and tries to move on from Mikaela, the Autobots are busy as they learn of a Cybertronian spacecraft on the Moon and must race against the Decepticons to find it and learn its secrets, which could turn the
