

Abraham Lincoln: Vampire Hunter explores the secret life of our greatest president, and the untold story that shaped our nation. Visionary filmmakers Tim Burton and Timur Bekmambetov (director of Wanted) bring a fresh and visceral voice to the bloodthirsty lore of the vampire, imagining Lincoln as history's greatest hunter of the undead. Abraham Lincoln: Vampire Hunter is set to hit theaters June 22nd. The narrative architect behind the Bourne film series, Tony Gilroy, takes the helm in the next chapter of the hugely popular espionage franchise that has earned almost \$1 billion at the global box office: The Bourne Legacy. The writer/director expands the Bourne universe created by Robert Ludlum with an original story that introduces us to a new hero whose life-or-death stakes have been triggered by the events of the first three films. The Bourne Legacy is set to hit theaters August 3rd. Follow @PaulRomCBM
