With all the excitement generated by the new images released for Captain American and Thor, Jim and I thought it would be a good idea to put some wallpaper together incorporating the new stills. As most of you know, the studios haven't released much in the way of assets for the movies, so hopefully this will hold us all over until some truly great stuff makes it way into our grubby little hands. Enjoy the fruits of my labors below and note that each image will take you to the corresponding wallpaper where there are several different resolutions available.
