

While the only major love interest for Maria Hill in the comic books has been a brief hook up with Tony Stark in the pages of Invincible Iron Man, it sounds as if The Avengers most definitely won't be taking a page out of that particular comic book. Of course, there's nothing stopping Marvel Studios taking certain liberties with the source material, so can you think of a member of the team you'd like to see Maria Hill romantically involved with? (Black Widow doesn't count..!)
