

According to the good folks from IGN, Activision's booth at this year's New York Comic Con has put on display a teaser poster; a poster that seemingly confirms a video game adaptation of Sony and Marc Webb's much-anticipated Spidey reboot, The Amazing Spider-Man, coming our way. While it isn't a major surprise, check out the poster below, and expect more info soon. Activision's New York Comic-Con booth has a poster for The Amazing Spider-Man game that sports the Beenox logo (aka the developers of Spider-Man: Shattered Dimensions and Spider-Man: Edge of Time). No release date was on the banner, but you can assume it'll come right around the movie's July 4th release date. The Amazing Spider-Man focuses more on Peter Parker's high school days and the development of his powers while navigating the troubles of a brainy geek in high school. And starring Andrew Garfield (Peter Parker), Emma Stone (Gwen Stacy), Denis
