

It was recently reported here by me that the highly-rated War for Cybertron will be getting a sequel in the form of Fall of Cybertron. As seen on the November issue of Game Informer, Grimlock is showcased. For fans of the later things, it doesn't mean much. Oldschool fans know Grimlock as the leader of the Dinobots. Now that is one awesome redesign. According to the poster, Fall of Cybertron comes out sometime in fall of next year.
