

As it was previously reported, Iron Man screenwriters Mark Fergus and Hawk Ostby will pen the upcoming Tomb Raider reboot. The last film starring Angelina Jolie was released in 2003 and since then there was a lot of speculation on who will replace her. One of the actress was Olivia Wilde, who now briefly talks about that rumor. Movie Trailers - Movies Blog "As far as I know right now, I'm not playing Lara Croft. No." "That would be so awesome. I love Lara Croft," she said. "That's really cool that people think I should play her. That's nice of them." There is also a Tomb Raider video game reboot, that will bring the character back to the beginning and show us Lara Croft's early days. Who would you like to see playing this character on the big screen again?
