

In anticipation of Warner Bros. and Legendary Pictures' appearance in the upcoming San Diego Comic-Con event, the "Comic-Con Art" of Guillermo Del Toro's Pacific Rim has recently made its way online, thanks to the lads over at Bleeding Cool for the heads-up. Featuring a great close-up shot of one of the Jaegers, check it out right below... Click on the image to enlarge What do you think of this? As usual, sound off with your thoughts on the space provided below. In Pacific Rim, legions of monstrous creatures known as Kaiju started rising from the sea and begin a war that would take millions of lives and consume humanity's resources for years on end. To combat the giant Kaiju, a special type of weapon was devised: massive robots, called Jaegers, which are controlled simultaneously by two pilots whose minds are locked in a neural bridge. Under the direction of Guillermo Del Toro, and starring
