Doctor Stephen Strange is a fictional character that appears in comic books published by Marvel Comics. The character was co-created by writer Stan Lee and artist Steve Ditko, and first appeared in *Strange Tales #110* (July 1963). Doctor Strange was originally Dr. Stephen Strange, a world-renowned but selfish neurosurgeon who only cared about making money. Then a car accident damaged his hands, preventing him from practicing surgery. Depressed and scouring the world for a cure to his condition, Strange locates a hermit called the Ancient One in the Himalayas. The Ancient One refuses to help Strange because of his selfishness, but does sense a good side to Strange which he attempts to bring to the surface. He fails, but Strange's goodness ignites when he discovers the Ancient One's disciple, Baron Mordo, is attempting to kill
