

"I'll take the boss's fastest car. Tony Stark won't mind! He's probably night-clubbing somewhere -- with some wealthy glamour girl! How can he be so cold-blooded -- so unfeeling? Has he no heart? Why is he never even here when he's needed? And, most important of all -- how could I have ever thought -- that I loved him?"-- PEPPER POTTS --> Comic Book History Who is PEPPER POTTS? Virginia "Pepper" Potts is a Marvel Comics supporting character and a love interest of Iron Man. She first appeared in Tales of Suspense #45 (September 1963) and was created by Stan Lee and Don Heck. First Appearance Pepper, who came from the secretarial pool, fixed an accounting mistake by Stark, which landed her the job of executive assistant. Pepper is originally infatuated with Tony and responds to the attentions of Stark's chauffeur and assistant Happy Hogan with caustic remarks. She would later get Stark's growing
