

Obviously, this pic looks to be taken some time ago unless the facial hair will be a new addition under the cowl... Here's what MovieWeb had to say about it... Some fans claim that this is what Bruce Wayne will look like after getting beat-up by Bane (Tom Hardy). Others think it might be a make-up test from the now-in production drama The 13 Women of Nanjing, which Christian Bale is headlining. In a few short hours, we may even find out that it's some super old picture from Terminator Salvation. But hey, its fun to look at, and maybe this is the handy work of Bane after all. Who knows? Check it out below. The validity of this pic is up for debate, so let'er rip below, and be sure to "confirm" or "debunk" in the voting system below. The Dark Knight Rises comes to theaters July 20th, 2012 and stars Christian Bale,
