

Sony has released a new international trailer for what's being marketed as the last installment in their series of video game adaptations, Resident Evil: The Final Chapter. There's lots of action-packed new footage of Milla Jovovich and her pals making mince-meat of the undead, as well as a teasing glimpse of one final standoff with an old enemy. Many are surprised that this franchise has lasted as long as it has, but the sci-fi/horror flicks have always been pretty decent earners and that's really all that matters. Do you have fun with these movies, or are you glad they're finally coming to an end? Picking up immediately after the events in Resident Evil: Retribution, humanity is on its last legs after Alice is betrayed by Wesker in Washington D.C. As the only survivor of what was meant to be humanity's final stand against the undead hordes, Alice must return to where the nightmare began – Raccoon City, where the Umbrella Corporation is gathering its
