

It always comes back to Marvel Vs Dc! But maybe it doesn't have to. There is no denying that both The Avengers and The Dark Knight Rises are 2 movies all comic fans are anticipating equally. The Avengers representing a life long dream for many of us; to finally see the world's greatest Marvel heroes gathered together on the screen..under Joss Whedon no less. And while TDKR might just feature one beloved character in Batman, it is the follow up to what many consider the single greatest CBM of all time, Christopher Nolan's The Dark Knight. Now, you might think it will be as simple as the Marvel guys for Avengers and DC for Batman. I'm not so sure. There are a wide variety of users on CBM who may prefer a certain brand but appreciate both, or even disregarding an preference recognize how potentially superior one movie may be from the
