

No, I haven't even seen this yet! It's not released here until Friday. But most of you guys will have seen it by now I'm sure. So what's the verdict CBMers? After the generally great first reactions among critics a few negative reviews have also crept in there. And Cap is currently sitting at a respectable but not earth shattering 74% on Rotten Tomatoes. Many of the more negative reviews citing a bit of a lack of edge and a rushed third act as big faults with the movie. Now I haven't seen it like I said so can't comment, but would you say that is a fair representation or where you pleased with Marvel's last stand alone flick leading up to The Avengers?
