

With a 90% score on Rotten Tomatoes and a global haul of \$325 million in less than two weeks of release, it's fair to say that things are looking good for Doctor Strange. A sequel being announced is inevitable, while the hero's future in the Marvel Cinematic Universe seems bright as Benedict Cumberbatch eyes a return in Thor: Ragnarok and Avengers: Infinity War over the next two years. We've taken a look at what did and didn't work, the movie's best Easter Eggs, how it sets up the MCU's future, and some big unanswered questions, and now we want to know what you thought of Doctor Strange. You've probably already read both my review and RorMachine's, but what star rating do you think the latest Phase 3 release deserves now its finally in US theaters and you've seen it? In the poll below, you can weigh in on exactly that, so be sure to do so and then let us know why you made
