

Over the last few months I have posted polls to determine what you guys considered to be the best CBMs from various studios and stables all leading up to a final "Best CBM Of All" poll. And there is only one poll left: Best DC flick. I have also included the Vertigo movies since there really aren't too many of em. Now I haven't included every single one. To narrow it down I left out anything that was clearly never going to get enough votes to be a contender (Superman 4, Batman And Robin, Swamp Thing, Catwoman etc). But anything at all half way decent is here. So vote away. results will be posted at some point tomorrow, and then the final big poll to determine your favorite CBM will follow towards the end of the week. By TwitterButtons.com
