

It's the question on everybody's lips. If you use Twitter, you will have no doubt seen various film writers and box office analysts discussing whether or not The Dark Knight Rises will be able to top Marvel's The Avengers at the box office later this year. It's not hard to understand why either, especially as The Dark Knight was the first comic book movie to gross \$1 billion (after being re-released that is). Now, Joss Whedon's superhero ensemble has smashed every record set by Christopher Nolan's last Batman movie, and analysts are currently predicting that it will ultimately take the #3 spot on the list of all-time highest grossing movies. So, the question now is, will The Dark Knight Rises be able to topple The Avengers? Here's your chance to share your thoughts on this controversial subject...
