

.nobrtable br { display: none } I finally watched X-Men First Class, I am probably one of the last few in this site but this won't stop me from putting in my two cents in rating and reviewing the movie. First, I think I need to say that this review will be peppered with a lot of *SPOILERS* for the unlucky few who have not seen it yet. Before I watched X-MEN First Class I avoided as much as possible any news spoilers and read any reviews, to have a more personal appreciation of the film (which is not an easy feat when you frequent this siteJ). Therefore, you have to pardon me if at times I might be echoing some of the sentiments already given by other reviewers. Now on to the movie- If you are not much of a comicbook fan and just a regular moviegoer I think this movie
