

Prometheus may not have lived up to the expectations of hardcore Alien fans, but it did perform well at the box office and received mostly positive reviews from critics. The DVD and Blu-ray goes on sale next month in the UK and US, and it is expected to be packed full of special features. Ahead of that release, Hey U Guys have exclusively revealed the following video, although where it's from and what exactly it is isn't clear. It actually appears to be some sort of transmission and focuses solely on Idris Elba's 'Captain Janek'. Check it out below and sound off with your thoughts and theories in the usual place! Click on the image below to view the video. In the distant future, two superpowers control Earth and fight each other for all the solar system's natural resources. When one side dispatches a team to a distant planet to terraform it for
