

Hot off the heels of confirmation that Prometheus will have a panel at WonderCon next week, 20th Century Fox has announced an IMAX 3D release for the upcoming film, which is a return to science fiction by Ridley Scott (Blade Runner). The movie will be released in IMAX 3D on June 8th, the same day that it'll hit other various theaters. Check out the official press release below: IMAX Corporation and Twentieth Century Fox today announced that Prometheus, the summer's scariest action event picture and director Ridley Scott's return to the genre he helped define, will be digitally re-mastered into the immersive IMAX® 3D format and released in IMAX® digital and film theatres domestically and in a select number of IMAX theatres internationally, starting June 8, 2012. Sir Ridley directs and produces the film, which is written by Jon Spaihts and Damon Lindelof. Prometheus: An IMAX 3D Experience features
