

It's been a while since we've heard anything official about the next Terminator film, which would have Arnold Schwarzenegger reprising his role as the title character. But now, Megan Ellison - owner of Annapurna Pictures, which currently own the rights for the film - has answered a question from fansite The Terminator Fans regarding the rating of the film, confirming that it'll be an R-rated film. Various concerns have been made over the idea of another Terminator film being PG-13 after Salvation (the worries especially increased after The Expendables 2 was confirmed to be PG-13), but now those worries can be laid to rest. TheTerminatorFans.com : @meganeellison We hope you can bring this franchise back from the brink of PG-13 HELL! Megan Ellison : @terminatorfans We can't really tell you guys anything about Terminator BUT it will be an R rated film as God and James Cameron intended. The film currently has no
