

According to The Hollywood Reporter, Paramount is re-releasing Steven Spielberg's classic 1981 movie Raiders Of The Lost Ark, featuring Harrison Ford in his first outing as intrepid archaeologist/adventurer Indiana Jones, into IMAX theaters. The site report that an official announcement hasn't been issued by Paramount, but that the movie is popping up on various ticketing and theater websites as an attraction opening Sept 7th. Apparently an announcement is expected this week, but until then it is unclear how wide a release is being planned and what sort of campaign the studio will mount. Paramount is releasing the Indiana Jones movie saga, titled Indiana Jones: The Complete Adventures for the first time on Blu-ray on Sept 18th.
