

During last night's The Bourne Legacy premiere, Vulture caught up with Ransom actress Rene Russo to discuss her reprisal as Frigga in Thor: The Dark World. Recalling most of her scenes being cut from the first Kenneth Branagh-directed Thor movie, Russo also reveals how unfamiliar she is with the character's background. "You know, they cut me [down] in the first film. Kenneth Branagh sent me a nice note, because he understood, he's an actor. You move on, what are you going to do? But I think they're going to need a good mom in the next film. Loki needs his mom. What the hell?" Rene Russo was then asked how Frigga might react to the wrongdoing of her adopted stepson, Loki, while on earth causing the big assembly of Marvel's The Avengers. And Russo also makes note of misunderstanding Frigga's background in the comics, and the fact that she's also
