

Michael Zegen will join the Zombie fodder for the second season of AMC's The Walking Dead. He will play a character called Randall, another new addition not from the comic. Here is all we know about Randall courtesy of EW.. "...a skinny Southern kid who finds himself in a rather unique set of post-apocalypse circumstances. Beyond that, producers are staying mum on the role." Apparently it is a recurring role but I wouldn't expect him to stay off a Zombie's dinner plate for too long. The Walking Dead returns to screens Oct 18. By TwitterButtons.com
