

I posted some before and after pics (courtesy of Geekrest) of four of The Avengers from Joss Whedon's upcoming movie and asked you to vote on which look you liked best. From the results it seems that most of you liked the costumes better in the character's solo movie outings. With a HUGE majority voting on the most negative choice in the Captain America poll. Only Loki's new look received the majority vote in the most positive option. Check out the results in full..

You like both of Thor's looks the same, which is understandable since he barely looks any different. And think Widow looks ok but preferred her Iron Man 2 look. I certainly agree on that. In fact on all of these results. Well, I think Cap looks descent in his updated duds but with that comes a certain amount of cheese. What do you guys think, these results
