

There have been many representations of Superman on the big and small screen since his creation, with Henry Cavill being the latest to don the iconic suit in 2013's Man of Steel. Rather than include every interpretation (such as the 1950's era serials) I instead went for what I consider to be the best known versions, starting with Christopher Reeve, all the way up to Dean Cain, Tom Welling (even though he barely wore it) Brandon Routh and Henry Cavill. And in a fairly shocking, but extremely close outcome, you decided that it was the suit Cavill will don in the upcoming Zack Snyder directed movie which best represents the iconic superhero. Looks like the lack of red pants don't bother you that much after all... Henry Cavill STARRING: Henry Cavill as Clark Kent/Superman Amy Adams as Lois Lane Kevin Costner as Jonathan Kent Diane Lane as Martha Kent Michael Shannon as Zod RELEASE DATE: June 14th, 2013.
