

The CW has released a new trailer for the midseason premiere of DC's Legends of Tomorrow, which sees White Canary and the rest of the Waverider crew finally locating Rip Hunter. There's a bit of a problem though... The future depends on Rip Hunter remembering his true past but the Legion of Doom has done a pretty good job reprogramming his brain according to Gideon. Although, why they went to all that trouble instead of just killing him is a question the premiere hopefully answers. DC's Legends of Tomorrow returns from midseason hiatus on Tuesday, Jan. 24 at 9PM on The CW with an episode titled "Raiders of the Lost Art." The show was recently renewed for a third season by the network.
