

Twentieth Century Fox Home Entertainment made the announcement today that Rise Of The Planet Of The Apes will be released on Blu-ray and DVD in the US on December 13th. The prequel will come with a huge list of special features including deleted scenes, audio commentaries, and all three trailers. Press Release: A single act of both compassion and arrogance leads to a battle unlike any other when RISE OF THE PLANET OF THE APES makes its worldwide debut on Blu-ray, DVD and digital download on December 13th in North America and starting December 7th Internationally. From the Oscar-winning® visual effects team that brought to life the worlds of Avatar and Lord of the Rings comes revolutionary new ground - a CGI ape that delivers a dramatic performance of unprecedented emotion and intelligence, and epic battles on which rest the upended destinies of man and primate. James Franco (127 Hours) stars as Will Rodman,
