

Hot off heels of the recent debut of the theatrical trailer, the question of many Planet Of The Apes fans have had is finally answered - will Caesar, the protagonist of the film, learn to talk in the first of a planned new series, and if so, what will he say? Movie Web has the following info...

\*\*\*SPOILER\*\*\* What will Caesar's first and only spoken word be when he turns to face star James Franco before escaping into the woods? After much consideration, and in a nod to Tim Burton's Planet of the Apes, Caesar will quietly, stoically utter the word, "Bananas." Rise Of The Planet Of The Apes hits theaters August 5th, later this year!
