

There were many speculations on whether or not will we see Robin as playable character in the upcoming video game sequel Batman: Arkham City. Rocksteady gave some hints but they never confirmed it. Well, it looks like it's indeed true because Best Buy is offering a pre-order exclusive to play as Robin for two challenge maps. Here is a photo taken from Best Buy Catalog courtesy of Arkhamcity.co.uk: I'm guessing this will become available as DLC at some point for those who didn't pre-order the Best Buy offer. So, what do you think about this? Batman: Arkham City is set to be released on October 18th.
