

Reports earlier this week suggested that actress Anne Hathaway, whose filming her 'Selina Kyle' role for Christopher Nolan's 'Batman' finale The Dark Knight Rises, had given a stuntman a black eye during a fight sequence. And now, Showbiz Spy is claiming the actress is at it again, this time with a self-injury. "Anne was filming a very similar fight scene when her costume split right open right on her bottom," reveals an insider. "She's putting everything into this role both physically and emotionally and the wardrobe department is paying the price. She must have gone through a dozen costume changes due to Anne throwing herself around." The Dark Knight Rises' story details are being kept underwraps. Although, the film's stars Christian Bale, Anne Hathaway, Joseph Gordon-Levitt, Tom Hardy, Gary Oldman, Morgan Freeman, Marion Cotillard, Josh Pence, Nestor Carbonell, Michael Caine and possibly Alon Aboutboul, the film releases 20 July, 2012!
