A little odd this one. Fiore Mastracci of The Examiner has come up with a fair few wild claims about the future of the James Bond franchise, the highlights of which you can read below. I thought I'd share it with you as it makes for something of an interesting read, but as this is the same site that claimed John Cena and The Rock are competing for a role in Superman, I wouldn't take it too seriously. The first battle staged over BOND 23 had to do with its star, Daniel Craig. There was a concerted effort to oust Craig as Bond and insert Clive Owen. Owen has coveted the role for some time and was on the original short list of possible Bonds before Craig was selected. After the success of CASINO ROYALE, MGM signed Craig to a two picture contract extension. To dump Craig now would
