A while ago a "leaked" script for TDKR popped up online but was quickly debunked as a fake. Well here we go again. Only this time scriptflags have details of a 165 page draft dated 2010. They say that if it is a fake it's the best fake they have ever come across, and they would see a lot! Anyway, here are the details.. Deadshot is featured being broken out of prison by The Society, headed by The Black Mask. In Gotham, Batman has become a "myth". Crime is down so he keeps a low profile. He has a new aerial vehicle called The Wraith, a military prototype with a 40 foot wingspan. Wayne Manor has been rebuilt, with a new Batcave. Deadshot meets with Black Mask(who wears an "ebony skull"). He is also an associate of Roland Dagget, CEO of Dagget Industries. Apparently Nolan has merged the characters of Hugo Strange and
